## The Opportunity

### Multi-Family Lots at Shadow Mountain

Colliers International is pleased to present the sale offering of three zoned multi-family development sites in the heart of British Columbia's East Kootenays.

The portfolio of multi-family lots available at Shadow Mountain provides exceptional development potential adjacent to the highly acclaimed Shadow Mountain Golf Course. With three parcels totaling over 11-acres, this portfolio represents an opportunity for a developer/builder to acquire serviced development sites that are zoned and ready for world-class multi-family dwellings.

The three sites, collectively, can accommodate up to 410 dwelling units, although a prudent developer may choose to develop to lower densities based on market and site conditions.

Located just minutes from the Airport of the Rockies and within the city limits of Cranbrook, these desirable sites are situated in the comprehensive Shadow Mountain community that also includes the 18-hole championship Shadow Mountain Golf Course designed by Cooke Carleton International Golf Architects. This spectacular golf course anchors the Shadow Mountain community, but it is only one of many amenities available to future residents including world-class fly fishing, nearby downhill skiing and much, much more.

The three multi-family sites are offered as a package, but the owner may consider the sale of individual sites. Please contact us for further details.
